# "Banyan" GUEST HOUSE — LORD HOWE ISLAND

Learn what it's like to escape the cares of the noisy outside world. Relax at Lord Howe Island . . . Turquoise lagoon, coral reefs, sheer mountains rising 2840 feet above sapphire seas — tall swaying palms and surf beaches.

This "Tahiti" of Australia is only 484 miles from Rose Bay Flying Boat Base — a three-hour journey by Ansett Flying Boats.

The Island is generally ten degrees warmer than Sydney.

Clothing is informal. The most formal dressing for dinner is an afternoon frock for ladies and sports suit for men.

During the day the usual play clothes are sun frocks, slacks, shorts, sandals, golf shoes, sandshoes, and a swimming costume or trunk. One of the most important requirements is a TORCH.

## For Your Comfort and Convenience

The many walks, bowling green, surf beaches or still water, rock fishing, and within two minutes of the never-to-be-forgotten start of the walk up "Malabar."

There is ample room for house games and dances. Electric light throughout is 240V. A.C.

★

"BANYAN" is centrally situated, and what's more, only a stone's throw from warm and sparkling Neds Beach, the most popular and romantic beach on the Island.
